

# Tell Congress: Don't Default on the Majority!

My name is Liz Berry and I am a voice of one who joined with the voices of many—over 25,000 who met in small groups all over the USA on Saturday, July 16, 2011 to create our blueprint for an economy that works. Today I delivered the following documents to two U.S. Congressional Representatives in the Dallas area, both of whom are Republican: Sam Johnson and Pete Sessions. I took Frank, my grandson, with me to assist.

This one page was delivered on Monday, July 18, 2011 to the Dallas and Richardson offices of U.S. Congressional Representatives Pete Sessions (District 32) and Sam Johnson (District 3). It was created by a group of people who met at the home of Liz Wally in Dallas Texas on Saturday July 16, 2011. As we were meeting and discussing our visions for an economy that works for the majority, over 25,000 Americans all over the USA were doing the same thing at the same time.

# Don't Default on the AMERICAN DREAM Save Our

## SOCIAL SECURITY, MEDICARE AND MEDICAID

This sheet represents the signatures of six Texans who met on Saturday July 16 with 6 other Texans who were part of a larger movement of over 25,000 Americans—All meeting in homes all over the USA to create a contract to send to Congress. The Contract for the American Dream is our blueprint for creating **an economy that works for all of us**. This "jobless recovery" for the wealthy only must be replaced by an economy that works for the MAJORITY!
